Ocea Pro TV

Aluminum Frame

2 **Remove the Aluminum Frame**

Using an allen key, remove the aluminum frame attached to the TV.

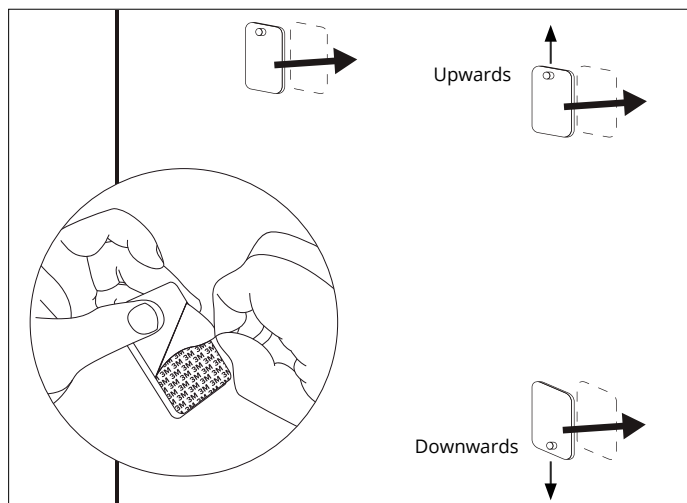

TV Wall Box

3 **Remove the TV Wall Box**
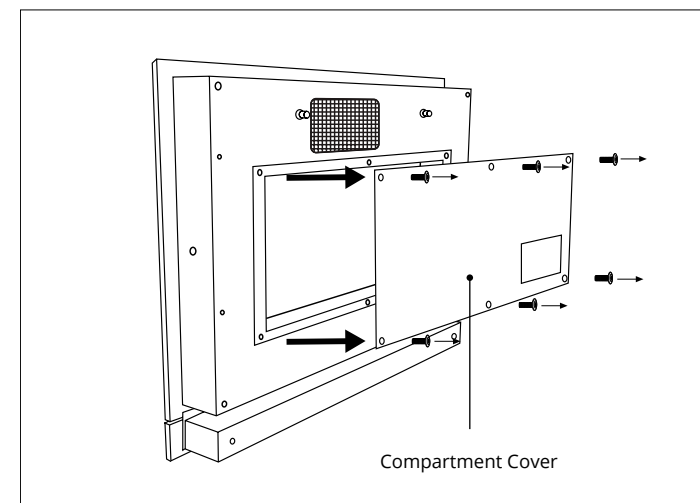

Remove the TV wall box attached at the back.

4 **Mark the Holes**

Place your TV wall box against the wall and mark the holes where your hook pads will be placed.

Upwards

Downwards

5 **Attach the Pads**

Clean the wall by gently wiping isopropyl rubbing alcohol on it, making sure there is no dust. Peel the protective sticker at the back of the pads then stick them onto the wall with the hooks facing in opposite directions. The placement should match where the TV corners will be placed.

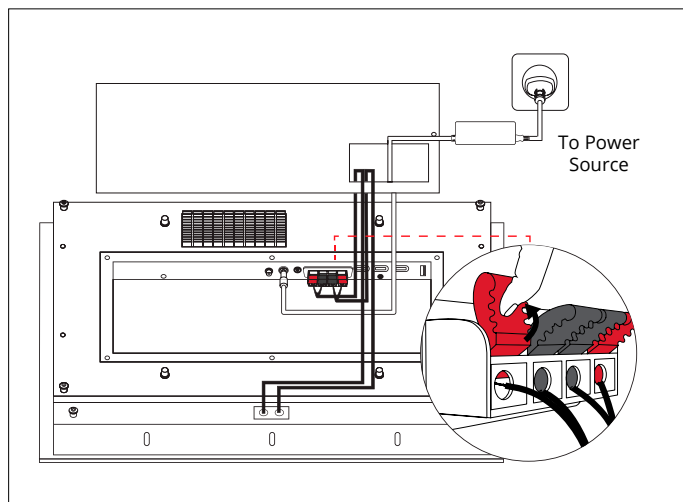

Compartment Cover

6 **Remove the Compartment Cover**

Use a screwdriver to remove the compartment cover located at the back of the TV.

To Power Source

Power Cord

7 **Plug the Power Cord**

Insert the power cord through the opening of the compartment cover. Then plug it to the power input port located at the back of the TV.

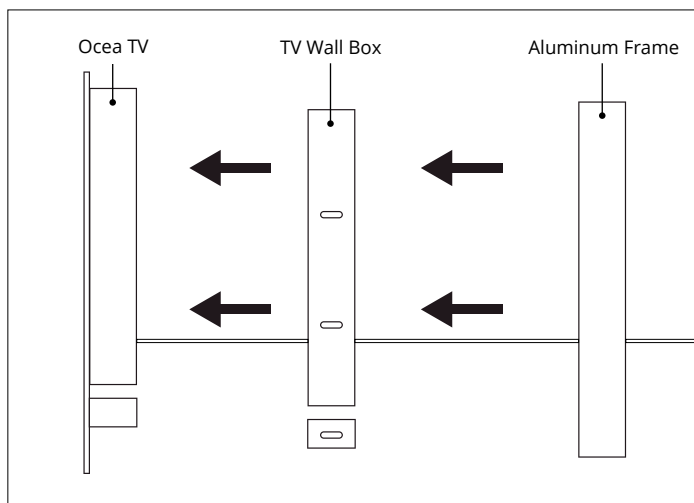

To Power Source

8 **Connect the Audio Cords**

Insert one end of the stripped audio cord into the red clip and insert the other end of the cord into the black clip. Then do the same for the other stripped audio cord.

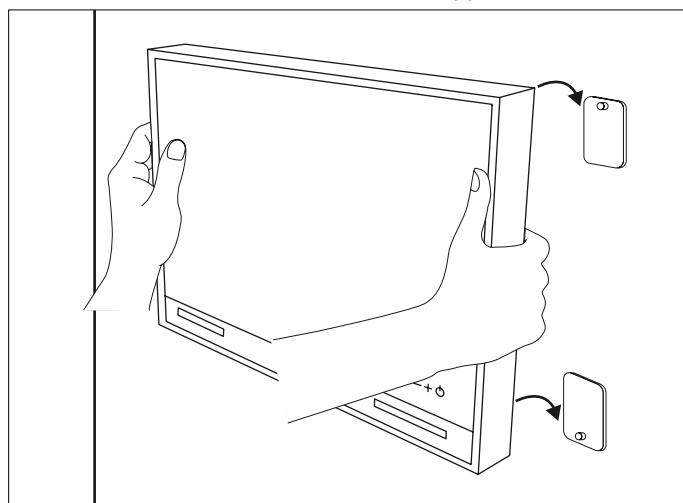

Compartment Cover

Audio Cord goes through

9 **Cover the Compartment**

Re-attach the compartment cover. Tighten the surrounding screws to make sure that they don't fall during the rest of the installation process.

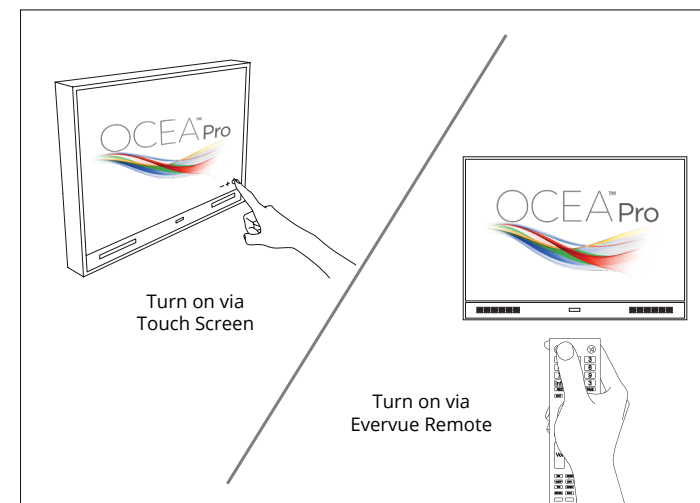

Ocea TV   TV Wall Box   Aluminum Frame

10 **Re-Attach The TV Wall Box And The Frame**

Slide the TV back into its TV wall box. Then place the aluminum frame around the TV and tighten its allen screws back in place.

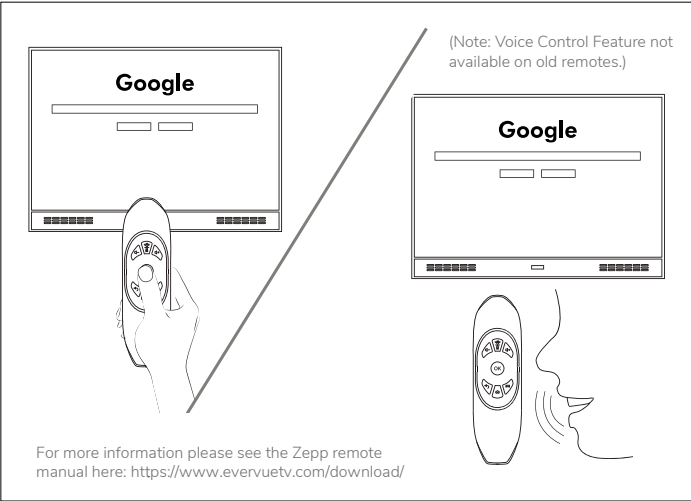

11 **Hang the TV to the Wall**

Lift the TV and hang it to the four hooks you attached on the wall.

Turn on via Touch Screen

Turn on via Evervue Remote

12 **Turn on Ocea Pro TV**

You can either turn your Ocea Pro TV on by simply touching the power icon on the screen or by clicking the power button on your Evervue remote.

(Note: Voice Control Feature not available on old remotes.)

For more information please see the Zepp remote manual here: https://www.evervuetv.com/download/

13 **Control your TV**

On the Zepp remote included in the package, press the mic/mouse button for 5 seconds to turn the remote on. You can either use the remote as a mouse to control the cursor on the screen (old remotes) or use the voice command with the built-in microphone in the remote (new remotes).

14 **Personalize your Ocea Pro**

Your Ocea Pro is ready. Use the Touch screen or the Zepp remote to navigate the TV, install and manage apps, and personalize your Ocea Pro.
